Rate periods for Station and Person service:

Day (Except Sunday)—4:30 A.M. to 6:00 P.M.

Night and Sunday—6:00 P.M. to 4:30 A.M. and Sunday 4:30 A.M. to 6:00 P.M.

OUT-OF-TOWN CALLS

An Interexchange Rate Applies on a Call to Any Telephone Beyond Your Local Service Area

STATION CALLS

A station call is one on which you will talk with ANYONE WHO ANSWERS at an Individual Line or Party-Line telephone or Private Switchboard. The rates are less than on Person Calls.

APPOINTMENT CALLS

Appointment Calls are Person Calls on which you wish arrangements made in advance with the station or person to be called to talk at a specified time.

MESSENGER CALLS

Messenger Calls are Person Calls requiring the use of a MESSENGER to secure attendance of a designated person at the called telephone.

PERSON CALLS

A Person Call is one on which you wish to talk with a PARTICULAR PERSON SPECIFIED BY YOU. If you desire connection with a particular station of a Private Branch Exchange without specifying a particular person, this is also classified as a Person Call.

Rates and Other Information May Be Obtained From Long Distance

HOW TO PLACE OUT-OF-TOWN CALLS

STATION CALLS

It is always desirable in placing STATION calls to nearby points, to give the operator the number of the telephone at the distant point. If you do not know the number, please refer to your directory. If the number is not listed, information may help you. To place a Station Call, give the operator the name of the place and the telephone number you are calling. Give your telephone number to the operator when requested.

STATION CALLS TO POINTS BEYOND THE NEARBY VICINITY should be placed in the manner suggested in the preceding

COLLECT CALLS

Upon request, the charges on calls to most points within the Continental United States, Alaska, Canada, and to certain overseas points may be collected at the called station if the called station or called person accepts the charges.

OVERSEAS CALLS

Information on the availability of telephone service to overseas points and the rates applicable thereto may be obtained from the Long Distance Operator. Some typical weekday rates for a three-minute call are: To Argentina, Australia, Egypt, France, Japan, Sweden, United Kingdom, \$12.00; Bermuda, Guatemala, Panama, Puerto Rico, Virgin Islands, \$9.00; Hawaii, \$7.50.

TELEGRAMS BY TELEPHONE

To send telegrams and cablegrams.

By Interstate Telegraph Company—Call Operator and ask for "Telegraph Operator."

By Pacific Telephone & Telegraph Company—Call Operator and ask for "Telegraph Operator."

By Western Union Telegraph Company—Call as listed in alphabetical directory.

paragraph. If you do not know the number, say for example, "Los Angeles. Anyone at the residence of John Brown, 4000 Highland Blvd."

PERSON CALLS

To place a Person Call, give the Operator the name of the place, the telephone number, and the name of the person with whom you wish to talk. If you do not know the number, say for example, "Los Angeles. John Brown of John Brown Co., 1000 Cass Street." Give your telephone number to the operator when requested.

THE INDEPENDENT TELEPHONE INDUSTRY

The Interstate Telegraph Company is an independent Telephone Company and a member of the California Independent Telephone Association.

There are some 6,400 Independent Telephone Companies in the United States owning and operating about 12,000 exchanges. Bell System Companies operate about 6,200 exchanges or about one-half the number operated by Independent Companies, but the Bell Companies

operate in all of the largest cities.

Independent telephone exchanges have over 5,000,000 telephones in service—approximately one out of every five telephones in the United States.

Independent exchanges are interconnected with other Independent and Bell exchanges and with the Bell System's network of long distance lines to furnish telephone service practically throughout the world.

HOW TO USE THE TELEPHONE

OBTAIN TELEPHONE NUMBER FROM DIRECTORY

Please obtain the desired number from the latest issue of the telephone directory. If the listing is not found call "Information."

TO PLACE A CALL

Lift the receiver and listen for dial tone before dialing. Dial tone is a steady humming tone. Upon receiving the dial tone hold the receiver in the hand and dial the number as listed in the directory.

After placing a call, listen for the ringing signal, busy signal, or report from the operator. Please do not abandon the call until you have given the called party sufficient time in which to answer.

The ringing signal is a "burring" sound heard at regular intervals. The busy signal is a steady "buzz-buzz-buzz" sound, indicating that the called line is in use. Some Central Offices are not equipped for giving these signals, but in such cases the operator will give a report if the called party does not answer within a reasonable interval, or if the called line is busy.

TO CALL ANOTHER TELEPHONE ON YOUR LINE

At Barstow, Big Bear Lake, Bishop, Boron, Bridgeport, Inyokern, Leevining, Lone Pine, Randsburg, Running Springs and Victorville, dial "9", then the last figure of your number, then the last figure of the number desired, and replace your receiver.

For example—If your number is 5321 and the number you wish to call is 5322, dial "9", then "1", the last figure of your number, then "2", the last figure of the number desired and replace the receiver. The bells of both stations will ring. When the other party answers, the bells will cease ringing. If the other party does not answer within a reasonable time, remove the receiver to stop the ringing and call again at a later time.

At Big Pine, Independence and Pine Creek, dial "91", then the last figure of your number, then the last figure of the number desired, and replace the receiver. The bells of both stations will ring. When the other party answers, the bells will cease ringing. If the other party does not answer within a reasonable time, remove the receiver to stop the ringing and call again at a later time.

AT COLEVILLE

After dialing the number in the regular manner, the busy signal will be heard. Replace the receiver on the telephone. In a few seconds the ringing code of the number you have called will be heard on the line at

regular intervals. When the called party has answered the bells will stop ringing. At this time, remove the receiver from your telephone and begin your conversation. If the called party does not answer within a reasonable time, remove your receiver momentarily to stop the ringing, and call again at a later time.

If the busy tone is heard in your receiver before you have dialed any number, it is an indication that all of the automatic equipment in the telephone office is busy. Replace your receiver on the telephone and wait a reasonable time before attempting to place your call again.

AT EDGEWOOD

These calls are made by dialing the regular directory number of the desired party and then restoring the receiver. (All numbers ending with odd numbers ring together and all numbers ending with even numbers ring together).

BOTH LAST DIGITS ODD OR BOTH LAST DIGITS EVEN

If the first 3 digits of the calling number are the same as the first 3 digits of the called number, the calling party will receive a busy signal. Hanging up the receiver will start ringing the bells of the called party. If the last digit of both the calling and called numbers are odd or both numbers are even, for example, 2521 and 2527, then both bells will ring. When called party lifts the receiver it will stop ringing, and the calling party should lift their receiver and proceed with the conversation.

ONE LAST DIGIT ODD AND ONE LAST DIGIT EVEN

If the last digit of one party is odd and the other is even, only the called party's bell will ring. The calling party should wait approximately one minute to allow time for the called party's bells to ring, after which lift the receiver and if the called party answers you may proceed with the conversation.

In the event the called party does not answer in either case, the calling party should momentarily lift the receiver to stop the ringing and call again at a later time.

If the busy tone is heard in your receiver before you have dialed any number, it is an indication that all of the automatic equipment in the telephone office is busy. Replace your receiver on the telephone and wait a reasonable time before attempting to place your call again.

GENERAL INFORMATION FOR CUSTOMERS

COMPLAINTS

Our aim is to render a service that will give complete satisfaction to our customers. If at any time difficulties are not promptly corrected or unsatisfactory conditions continue after calling the Business Office, we shall appreciate your communicating the facts directly to the District Manager.

TELEPHONE DIRECTORIES

This Directory is the property of the Interstate Telegraph Company and is provided for the sole and exclusive use of its patrons, who are requested to maintain it in

its original condition, usual wear and tear excepted. The Company assumes no liability because of errors or omissions.

Extra copies of this Directory may be obtained at the Company's office or by mail for fifty cents per copy.

CONNECTING TELEPHONE COMPANIES

Connection at San Bernardino, Highland and Mojave with The Pacific Telephone and Telegraph Company. Connection at Carson City, Nev., with the Bell Telephone Company of Nevada. Connection at Lone Pine with Sequoia Forest Telephone Line (Monache Line).

If you are a participant to party line service and wish to receive maximum service — please follow these suggestions:

1. Before calling a desired number, make certain the line is not in use. If the line is busy, replace your receiver and wait a few moments before placing your call.
2. Refrain from prolonged conversations, as others may urgently need use of the line.
3. When you have finished your conversation, always replace the receiver.

These suggestions when applied can result in a beneficial service to all members of a party line.

WHAT IS AN EXTENSION TELEPHONE?

An extension telephone is an extra telephone instrument attached to your present line. It can be placed anywhere in your house or place of business.

Since telephone instruments are again plentiful, we are happy to announce that **EXTENSION TELEPHONE SERVICE IS AGAIN AVAILABLE.**

Extension service will not delay new service for anyone on our waiting list. The only new equipment required is this extra telephone instrument. Thus, the use of plentiful telephone instruments in no way interferes with our expansion program, which calls for installation of other equipment still scarce.

Investigate low-cost, high-convenience extension telephone service, now available for most of this community.

Interstate Telegraph Co.

TELEPHONE SUGGESTIONS

for

BETTER SERVICE

It will help to provide better service than otherwise would be possible if all telephone users will observe these good telephone practices:

Find the correct number in the directory before you make a call.

Avoid calling "Information" unless the number is not in the directory.

Answer calls promptly—wait long enough for an answer—replace the receiver.

Be a good party-line user, keep from tying up the line with a series of calls and long conversations—wait between calls.

Refrain from making unimportant calls during serious emergencies, and for some time after.

Take good care of this directory.

TELEPHONE TIPS

1. Be sure you have the right telephone number. Consult your directory.
2. Look up numbers in the directory instead of calling "Information".
3. Place calls carefully. Answer promptly.
4. Speak distinctly, directly into the mouthpiece.
5. On party-lines be considerate of the other fellow.

WHAT IS AN EXTENSION TELEPHONE?

An extension telephone is an extra telephone instrument attached to your present line. It can be placed anywhere in your house or place of business.

Since telephone instruments are again plentiful, we are happy to announce that **EXTENSION TELEPHONE SERVICE IS AGAIN AVAILABLE.**

Extension service will not delay new service for anyone on our waiting list. The only new equipment required is this extra telephone instrument. Thus, the use of plentiful telephone instruments in no way interferes with our expansion program, which calls for installation of other equipment still scarce.

Investigate low-cost, high-convenience extension telephone service, now available for most of this community.

Interstate Telegraph Co.

A Shopping Service for Your Convenience

● WHEN you read an advertisement, do you know where to buy the goods? Look in the yellow "Where to Buy It" pages of this telephone book, under the trade-mark name of the article.

Many nationally advertised products are now listed here, together with a list of local stores. A telephone call or a trip to the store brings you the goods in a hurry.

*Find where to buy it in your
Classified Telephone Directory*
